PROFILE

Self-motivated Computer Science and Engineering undergraduate with a strong foundation in full-stack web development and programming. Hands-on experience in designing and developing responsive web applications using HTML, CSS, JavaScript, Python, Node.js, and Express through internships at reputed organizations. Proficient in front-end and back-end development, database operations, API integration, and version control practices. Certified in Cloud Computing, Python, and C, with strong problem-solving, communication, and teamwork skills. Highly motivated to apply technical knowledge in real-world projects and contribute effectively to a growth-oriented organization.

EXPERIENCE

INTERNSHIP EXPERIENCE

Pantech proEd Pvt Ltd -Web Development FEB-2025

- Successfully completed a hands-on internship focused on core web development concepts and real-time project execution.
- Designed and implemented a responsive user registration interface using HTML and CSS, ensuring clean layout structure and user-friendly design.
- Applied best practices in front-end development, including form validation, semantic HTML, reusable CSS components, and UI optimization.
- Gained practical exposure to debugging techniques, version updates, and standard project documentation processes.
- Strengthened understanding of industry-standard web development workflows and coding conventions.

Jestech proEd Pvt Ltd -Full Stack Development JUN-2025

- Successfully Completed a full stack development internship covering both front-end and back-end technologies.
- Built responsive user interfaces using HTML, CSS, and JavaScript.
- Developed backend logic using Node.js and Express, including routing and middleware handling.
- Performed CRUD operations using MySQL and MongoDB databases.
- Created and integrated RESTful APIs to ensure smooth front-end and back-end communication.
- Used Git version control and followed structured debugging and deployment practices.

Approtech R&D Solutions Pvt Ltd -Data Analytics DEC 2025-JAN 2026

- Completed in Data Analytics at Approtech R&D Solutions Pvt. Ltd.
- Learned Data Analytics fundamentals and data handling concepts.
- Gained hands-on experience in SQL for data querying and analysis.
- Worked with Python basics and Pandas for data cleaning and data processing.
- Used Excel for data organization, analysis, and reporting.
- Developed interactive dashboards using Power BI.
- Completed a project titled "Trends and Forecasting Housing Prices with Power BI".
- Performed data preparation, visualization, and trend forecasting.
- Demonstrated strong analytical skills and professional work behavior.

AWARD

- Earned "Elite"certificate in Cloud Computing from NPTEL with a consolidated score of 65%
